

WORKSHOP ON SOLARTHERMAL APPLICATIONS IN CENTRAL AMERICA

Hotel Mansión Teodolinda, Managua; Nicaragua, 16 al 17 de Marzo de 2009

Agenda

Monday, 16 March	
09:00 h	Registration of Participants
09:30 h	<p>Opening and Welcome Addresses Hubert Neuwirth, Head of Coordination Office in Managua, Austrian Development Cooperation Emilio Rappaccioli, Ministro, Ministerio de Energía y Minas Lic. Juanita Argeñal Sandoval, Ministra, Ministerio de Ambiente y Recursos Naturales Dr. Markku Nurmi, Director General del Ministerio de Ambiente de Finlandia y Presidente del Comité Técnico AEA Petra Schwager, UNIDO Aldo Urbina, Rector UNI</p>
	<p>Session I – Energy Supply in Central America Session Chair: Lorena Lanza Espinosa</p>
10:00 h	Energy Supply and External Energy Dependency of Central America Lic. Carlos Roberto Pérez, Director Asuntos Económicos SG-SICA
10:30 h	Renewable Energy in Nicaragua Dr. Luis Molina Barahona, Ministerio de Energía y Minas
11:00 h	Coffee break
	<p>Session II – Solar Thermal Energy: Markets and Applications Session Chair: Ivan Cortés</p>
11:30 h	Solar Heat Worldwide – an overview on the worldwide developments Werner Weiss, AEE INTEC
12:00 h	Applications for Solar Thermal Systems Werner Weiss, AEE INTEC
12:30 h	Lunch Break

The workshop is co-organised by;

14:00 h	Session III – Solar Thermal Applications in Central America Session Chair: César Barahona
14:00 h	Solar Thermal Systems in the Nicaraguan Hotel and Industrial Sector Experiences of Users Industrias RODCEN, Hotel Mansión Teodolinda
14:20 h	Tecnología solar de aire y plantas de secado solar Dr. Georg Hubmer, CONA
14:40 h	Solar Air Conditioning and Cooling Dr. Christian Holter, SOLID
15:20 h	Solar Heat for an Animal food company in Jamaica Maikel Oerbekke or Jorge Bekris, ECO-TEC
16:00 – 17:00 h	Discussion of the presentation of the first day

Tuesday, 17 March	
09:00 h	Session IV – Obstacles and Deployment Mechanisms for Solar Thermal Session Chair: Carlos Perez SICA
09:00 h	Best practice regulations and political support measures for solar thermal Werner Weiss, AEE INTEC
09:45 h	Availability of solar thermal components and systems in Central America Cesar Barahona, CPmL
10:05 h	Regulatory issues, obstacles and framework conditions in Central America José Maria Blanco BUNCA
10:30 h	Coffee break
11:00 h	Discussion of a solar thermal deployment strategy for Central America
12:00 h	Lunch break
Afternoon 14:00 – 17:00 h	Field Trip to Solar Thermal Systems in Managua Rudi Moshik
	Tour guides: Rudi Moschik and Robelt Romero <ul style="list-style-type: none"> • Hotel Estrella • RODCEN
18:00 – 20:30 h	Reception at Hotel Mansión Teodolinda Remark: Together with members of the Steering Committee of the EEP

The workshop is co-organised by;
